A PROUD TRADITION

The Inn is named for Washington Duke (1820-1905), a classic example of the American dream. From his modest beginnings as a soldier, Duke prospered to become an internationally known industrialist and philanthropist. Since then, the Duke family name has represented excellence and achievement in Durham, North Carolina.

Continuing a proud legacy, the Inn opened in 1988 in the style of an old English Country Inn. The Inn is the only 4-diamond hotel in Durham that also features a 4-diamond dining room. As part of Duke University, the Inn overlooks the University's renowned golf club and offers many on-campus activities. Work out at the fitness center, cheer some of the nation's finest collegiate teams or enjoy an exciting "Broadway at Duke" performance.

The Inn is near Duke University Medical Center, Research Triangle Park and Raleigh-Durham International Airport. Local attractions include historic sites, science centers, famous gardens and art museums.

YOUR GAME

Winding through more than 100 acres of magnificent forest, the Duke University Golf Club features well-defined targets and breathtaking scenery. Towering pines shadow the fairways, woodland vistas unfold at every turn and the master touch of Robert Trent Jones and Rees Jones is evident on every hole. This is golf as only the legends of the game can design it.

The course has earned an enviable ranking as the number-two college course in the nation. One of the longest in the Triangle region, it runs over 7,000 yards from the championship “Devil Tees,” named for the Duke University mascot. From the white tees, it is a very playable 6,207 yards.

The par-72 championship course is just the beginning. Your experience at the Club includes an outstanding golf practice facility, pro shop and a dedicated team of PGA professionals.

“THIS COURSE HAS BEEN WORKED ON BY BOTH FATHER AND SON. THAT’S RARE,
BOTH IN THE DESIGN OF THE COURSE AND THE HISTORY OF AMERICAN GOLF.”
—ED IBARGUEN, MASTER PGA TEACHER

HOLE #6 EXEMPLIFIES REES JONES’ COMMENT THAT “...THE GOLF HOLES WERE ON THE GROUND, JUST LYING THERE, WAITING TO BE GRASSED OVER.”
